

### AMB64

#### OVERVIEW

- ▲ Support all A series distributed control system
- ▲ 3 LED Indicators
- ▲ Multiple communication port
- ▲ ESD protection
- ▲ No external power supply
- ▲ Fully compliant with USB 1.1 / 2.0
- ▲ Driver support Windows 98/ME/2000/XP/Window7/WinCE/Mac/Vista/Linux

#### Technical specifications

Type	AMB64
Power supply	--
Read and write cycles	>100000 times
Operation temperature	-20℃ ~75℃
Display Type	LED
Screw Type	M3
Degree of protection	IP20
Communication Port	2
Driver support	Windows 98/ME/2000/XP/Window7/WinCE/Mac/Vista/Linux

#### LED Status

Name	Orange (flashing)	Green	Red	None
PWR	--	Power ON	--	--
PRG	--	None copy protect	Copy protect	No program
ERR	Communication	Upload/Download success	Upload / Download Error	--

#### Package contents

AMB64	USB Cable	User guide
-------	-----------	------------
